Re: Schedule for Submittal of the Revised Barneys Canyon Reclamation Plan, Permit # M/035/009

Dear Mr. Jensen,

As you discussed with Rich Borden on April 3, 2000, several additional issues have been identified in the Barneys Canyon Reclamation Plan which require updating or correction. In order to allow time for these additional modifications, the Kennecott Barneys Canyon Mine (Barneys Canyon) requests that the submittal date for the revised plan be delayed until May 31, 2000. At that time, Barneys Canyon will submit a redline copy of the revised March 7, 1997 plan for your review. After addressing any comments you may have, a final plan will be resubmitted.

Please give me a call at 801-569-7110 if you have any questions or comments about this request.

Sincerely,

Ray Gottling
Operations Manager
Barneys Canyon Mine
